

OUR VISION IS TO BE RECOGNISED BY OUR CUSTOMERS AS
THE FIRST CHOICE IN CONTAINERISED SOLUTIONS.

COMPANY HISTORY

Royal Wolf was incorporated in 1995, as an outlet for the international leasing company, Triton. Since then, Royal Wolf has had several ownership changes which eventuated in a 100% acquisition in 2008 by General Finance Corporation (GFN), a US NASDAQ listed company. GFN listed Royal Wolf on the ASX in 2011 before delisting it in 2017, making Royal Wolf a wholly owned subsidiary of GFN. Today, Royal Wolf is the Australasian market leader in the design, hire, sale, and modification of shipping containers.
