

BUILDERS COMBO

FLEXIBLE AND PORTABLE SOLUTION FOR SITE STORAGE AND TOILET FACILITIES

Royal Wolf's Builders Combo is the ideal solution when you need both onsite storage and site facilities and is suitable for smaller domestic and commercial sites with up to 10 workers. It is designed for performance, durability and especially for sites that have a tight footprint.

Available within a 10ft container, the Builders Combo incorporates a separate space that can be used for a storage or office area and comes with a folding plan table and desk allowing you somewhere to review plans and manage paperwork out of the weather. Also included is a single toilet, completely separated from the storage area, offering easy servicing, maintenance and cleaning. A pump-out service of the toilet facility can be arranged.

Royal Wolf's Builders Combos are ideal for building, construction and event projects where the combination of storage, work space and ablutions are required all in one compact space.
