

WORKSITE SOLUTIONS

ABLUTION TOILET BLOCKS

Rendered image above depicts the most popular option 3 pan / 2 shower block. Image shown is for illustrative purposes only.

ON-SITE HYGIENE MADE SIMPLE

Keep your crew clean and comfortable on-site with portable, fully equipped ablution blocks. Designed for construction sites, remote areas, and events, these units offer quick setup, easy relocation, and hygienic facilities where you need them. Equipped with modern plumbing, energy-efficient features, and insulation for comfort, they provide reliable amenities on demand.

Available as standalone units or stackable within a worksite compound, they provide a flexible, space-efficient solution for various operational needs.

- **Hygienic and flexible waste management**
 Sewer-connected toilets with optional waste tanks and efficient plumbing for quick setup.
- **Comfortable and energy-efficient**
 Hot water system, LED lighting, and double GPO's for convenience and savings.
- **Secure, ventilated and private**
 Insulated units with airflow-enhancing windows, flyscreens and frosted privacy glass.
- **Customised to your needs**
 Choose from a range of layouts, configurations, and modifications, from whirlybirds to hot work fabrication, to match your requirements.

Convenient transport and delivery options are available via tilt tray, side loader or crane truck to suit your site requirements. Tilt trays require 6m height, 3m width and 20m length clearance for safe delivery.

Custom accessories, inclusions, and modifications are also available. Contact our team to discuss the best solution for your project.
